

**2020 Blue Cross and Blue Shield Service Benefit Plan - FEP Blue Focus
Section 5(i). Services, Drugs, and Supplies Provided Overseas**

If you travel or live outside the United States, Puerto Rico, and the U.S. Virgin Islands, you are still entitled to the benefits described in this brochure. Unless otherwise noted in this Section, the same definitions, limitations, and exclusions also apply. Costs associated with repatriation from an international location back to the United States are not covered. See Section 10 for a definition of repatriation. See page [110](#) for the claims information we need to process overseas claims. We may request that you provide complete medical records from your provider to support your claim. If you plan to receive healthcare services in a country sanctioned by the Office of Foreign Assets Control (OFAC) of the U.S. Department of the Treasury, your claim must include documentation of a government exemption under OFAC authorizing care in that country.

Please note that the requirements to obtain precertification for inpatient care and prior approval for those services listed in Section 3 do not apply when you receive care outside the United States, with the exception of admissions for gender reassignment surgery (see page [19](#) for information) and admissions to residential treatment centers. Prior approval is required for all non-emergent air ambulance transport services for overseas members (refer to page [83](#) for more information).

Overseas Assistance Center

We have a network of participating hospitals overseas that will file your claims for inpatient facility care for you – without an advance payment for the covered services you receive. We also have a network of professional providers who have agreed to accept a negotiated amount as payment in full for their services. The Overseas Assistance Center can help you locate a hospital or physician in our network near where you are staying. You may also view a list of our network providers on our website, www.fepblue.org. You will have to file a claim to us for reimbursement for professional services unless you or your provider contacts the Overseas Assistance Center in advance to arrange direct billing and payment to the provider.

If you are overseas and need assistance locating providers (whether in or out of our network), contact the Overseas Assistance Center (provided by GMMI, Inc.) by calling the center collect at 804-673-1678. Members in the United States, Puerto Rico, or the U.S. Virgin Islands should call 800-699-4337 or email the Overseas Assistance Center at fepoverseas@gmmi.com. GMMI, Inc., also offers emergency evacuation services to the nearest facility equipped to adequately treat your condition, translation services, and conversion of foreign medical bills to U.S. currency. You may contact one of their multilingual operators 24 hours a day, 365 days a year.

Hospital and professional provider benefits

For **professional care** you receive overseas, we provide benefits at Preferred benefit levels using either our Overseas Fee Schedule, a customary percentage of the billed charge, or a provider-negotiated discount as our Plan allowance. **The requirement to use Preferred providers in order to**

receive benefits does not apply when you receive care outside the United States, Puerto Rico, and the U.S. Virgin Islands.

When the Plan allowance is based on the Overseas Fee Schedule, you pay any difference between our payment and the amount billed, in addition to any applicable coinsurance and/or copayment amounts. You must also pay any charges for noncovered services, any applicable deductible, coinsurance and/or copayments. When the Plan allowance is a provider-negotiated discount, you are only responsible for any applicable deductible, coinsurance and/or copayment. You must also pay any charges for noncovered services.

For **inpatient facility care** you receive overseas, we provide benefits at the Preferred level **without member cost-share**, for admissions to a DoD facility, or when the Overseas Assistance Center (provided by GMMI, Inc.) has arranged direct billing or acceptance of a guarantee of benefits with the facility.

For **outpatient facility care** you receive overseas, we provide benefits at the Preferred level after you pay the applicable copayment, deductible, and/or coinsurance.

For **transport services** you receive overseas, we provide benefits for transport services to the nearest hospital equipped to adequately treat your condition when the transport services are medically necessary. We provide benefits as described in Section 5(c) and Section 5(d). Benefits are not available for costs associated with transportation to other than the closest hospital equipped to treat your condition. You are responsible for applicable deductible and coinsurance and/or copayments. You must also pay any charges for noncovered services.

Pharmacy benefits

For **prescription drugs purchased at overseas pharmacies**, we provide benefits at Preferred benefit levels, using the billed charge as our Plan allowance. You pay the applicable copayment or coinsurance. The calendar year deductible is not applicable when purchasing drugs at pharmacies located overseas. See page [95](#) in Section 5(f) for more information.

Overseas claims payment

Most overseas providers are under no obligation to file claims on behalf of our members. Follow the procedures listed below to file claims for covered services and drugs you receive outside the United States, Puerto Rico, and the U.S. Virgin Islands. **You may need to pay for the services at the time you receive them and then send a claim to us for reimbursement.** We will provide translation and currency conversion services for your overseas claims.

While overseas, you may be able to order your prescription drugs through our Specialty Drug Pharmacy Program as long as all of the following conditions are met:

- Your address includes a U.S. ZIP code (such as with APO and FPO addresses and in U.S. territories),
- The prescribing physician is licensed in the United States, Puerto Rico, or the U.S. Virgin Islands, and has a National Provider Identifier (NPI), and
- Delivery of the prescription is permitted by law and is in accordance with the manufacturer's guidelines.

See Section 5(f) for more information about Preferred retail pharmacies with online ordering and delivery options, and the Specialty Drug Pharmacy Program.

Note: In most cases, temperature-sensitive drugs cannot be sent to APO/FPO addresses due to the special handling they require.

Note: We are unable to ship drugs, through our Specialty Drug Pharmacy Program, to overseas countries that have laws restricting the importation of prescription drugs from any other country. This is the case even when a valid APO or FPO address is available. If you are living in such a country, you may obtain your prescription drugs from a local overseas pharmacy and submit a claim to us for reimbursement by faxing it to 001-480-614-7674 or filing it via our website at www.fepblue.org/myblue.
